Work Experience

Animation and Database scourer for ClutchPoints

ClutchPoints.inc | 2022 - 2023

- ClutchPoints is a sports media company owned by ClutchPoints, Inc. Mainly covers for the NBA and NFL contents across social medias.
- I worked for Clutchpoints under Research Department as their Database and Animation Scourer, providing and editing needed resources for their content.

Social Media and Content editor for ClutchPoints

ClutchPoints.inc | 2023 - Current

- After almost a year of working as their Animation and Database scourer. I got transferred to the social media team which handles a higher responsibility of monitoring every social media platform and analyzing viral contents based on given statistics. Also tasked in maintaining engagements between users and page administrators. I also manage the staffs' resources from installing needed software to troubleshooting their work computers.
